

Broward Math & Science Schools
Parent Involvement Plan
2019-2020

Mission Statement

We, the Title I, Migrant Education and Special Programs Department of the Broward County School Board believe that a partnership must exist between our parents and our schools. We will promote positive communication between the schools and our students' homes that will strengthen the school, family, and community partnership. We further pledge to coordinate and build capacity for increased parent participation through enriching and engaging activities whereby parents can exhibit effective parenting skills that will provide stabilization in the home and ultimately improve the academic achievement of our students.

Involvement of Parents

Broward Math & Science Schools will involve parents in an organized, ongoing, and timely manner, in the planning, review, and improvement of Title I programs including involvement in the decisions regarding how funds for parental involvement will be used [Sections 1118(c)(3), 1114(b)(2), and 1118(a)(2)(B)].

Quarterly Title I Liaisons technical assistance meetings serve as the main forum for sharing information regarding the federal requirements of the district as a recipient of Title I, Part A funds. The Program Specialists and Grant Facilitators are responsible for providing information and technical assistance to schools. Additionally, there is daily two-way communication via an email system (Office 365/CAB Conference) for Title I Liaisons to address concerns and/or inquiries as it relates to Title I processes/procedures.

Parent Literacy Workshops will be provided by the LEA as an additional reasonable support for parental involvement activities. The Facilitators will provide train-the-trainer opportunities for Title I Liaisons, parent representatives, and other school staff to enhance their abilities to present parental involvement information and promote parent literacy.
