

# February Newsletter

BMSS works with the community to support students and families not to just educate your child in different subjects but to educate your child as a whole. In order to accomplish this mission, our school needs to be known in the community. We believe that word-of-mouth referral is more important than any advertising we might do. That is the reason that we ask our parents to refer our school to your neighbors, friends, colleagues, and family members. This will help us provide students better opportunities to succeed.

## Congratulations!

BMSS' LegoBots won Project Award

On Saturday January 16th, LegoBots, BMSS' Lego League Robotic Team, attended the Ram-Botic First Lego League Tournament. Our Team did such a great job on solving a real life problem with their project that they won the "Project Award". What an accomplishment!

LegoBots' Robot, Dolphin, performed very well on the robot challenge part of the competition. Moreover, our team showed great team performance and sportsmanship that judges praised on.

### Team Members:

- Mya H.
- Daniel M.
- Santiago B.
- Gabriel B.
- Christian L.
- Lucca B.
- Giuliano B.
- Adrian H.
- Julio M.

Black History Month is an annual celebration of achievements by black Americans and a time for recognizing the central role of African Americans in U.S. history.

Come and enjoy delicious Ethnic Food on Friday, February 19 from 4:30p.m.-6:00p.m.

## School Uniform

Dear Parents, please help us in making sure that your student is dress properly every day in our school uniform. This will prevent a second trip to school to bring the correct uniform.

**No jeans are allowed.**

# Save the Dates
